

HELP FOR HAITI

In response to the ongoing crisis in earthquake ravaged Haiti, Arcadia Studio is offering a unique way to contribute to the relief effort: two hours of consultation with one of our landscape architects in exchange for a Haiti-designated, \$250 or greater donation to Direct Relief International, a leading aid organization based right here in Santa Barbara.

This offer will run through February 28th.

Please consider this method of helping DRI deliver desperately needed aid to the people of Haiti.
